Future Skills Prime

The National Digital Skilling Platform

ARTIFICIAL INTELLIGENCE

A step towards bridging the gap between technology and talent.
A joint initiative by Ministry of Electronics & Information Technology & NASSCOM.
First of its kind digital skilling ecosystem designed to make the professionals & students future ready.

Vision
An industry-led government-approved skilling ecosystem in emerging & future technologies to enhance employability & stay relevant.

Purpose
To build India's Digital Talent Stack in leading.

Values
Affordable. Credible. Trusted.

BASIC CERTIFICATE COURSE IN ARTIFICIAL INTELLIGENCE

KEY FEATURES

- Blended Learning Course
- Expert Guidance with live classes
- Skill Badges & Certificate
- Skill Wallet
- Hands on through virtual labs
- Industry relevant projects
 Continuous Assessment & Feedback

COURSE HIGHLIGHTS

- Online Recorded Videos & Classroom Lectures
- Practice Quizzes
- Solved & Unsolved Lab Problems using Virtual Labs
- Module End Quiz
- Course End Assessments

COURSE DURATION

Blended Learning Course of 120 Hrs which includes

- 21.5 Hrs of recorded session
- 15 Hrs of Classroom Learning(Offline/Online)
- 54 Hrs hands on session using Virtual Labs
- 30 Hrs Project Work

COURSE SYLLABUS

- Data Science & Programming Tools
  - Python & related libraries
  - Database System & Tools Statistics in Data Analysis
  - Data Analytics & Data Visualization
  - Data Preprocessing
- Machine Learning
  - Types of Learning
  - Popular Machine Learning Algorithms
  - Ensemble Methods
- Deep Learning and Natural Language Processing
  - Artificial Neural Network
  - Deep Neural Networks
  - Natural Language Processing Methods Project
- Projects

BENEFIT

- Incentives of upto 3000.00*credited to Skill Wallet & encashable on successful assessment & certification by SSC NASSCOM.

WHO CAN ENROLL

- Graduates, Entrepreneurs, Interns, Apprentices, Fresh Recruits, IT professionals, Non-IT professionals working in IT industry & Ex-employees Faculties.
